

Social Expedition Program

The Milford Youth & Family Services/Department of Human Services Social Expedition Program is designed to engage youth between the ages of 9-12 in a series of cultural and educational experiences.

The primary focus of this program is to provide young people with engaging activities, to promote an interest in learning, to support appropriate social skills, and to encourage positive family interactions.

The expedition group meets monthly over the course of the school year. The children will travel to a variety of destinations including museums, environmental facilities, theaters and wild life centers. In addition to the excursions, there will be in-house activities scheduled to include parents and siblings and focusing on strengthening familial bonds.
