

## PressRelease

# Important News From the City of Milford Tax Office

**Milford, CT, June 24, 2010:** Municipal tax bills are on the way to City residents, and the Tax Office today issued important guidance about those bills.

The motor vehicle tax bills that recently were mailed incorrectly show an exemption for most vehicles. In most cases, there is no actual exemption for motor vehicles. The exemption shown incorrectly is a printing error.

It is noted that the net assessment and tax amounts due are CORRECT as shown on the bills. The printing error that showed an exemption is the only error on the bill. Again, the tax amount due is calculated correctly and should be paid promptly.
