Inclusive Program Survey

The Milford Recreation Department has received a grant from the Milford Collaborative to conduct a survey to gather information from Milford residents with disabilities. The purpose of the survey is to gather the information we need to create inclusive recreation programs. Kathy Radziunas is the certified therapeutic recreation specialist who will be helping us convert your survey responses into real programs and activities. All surveys are strictly confidential with names and diagnoses optional. Groups, organizations, or individuals are invited to pick up a blank survey form at the Recreation Department Office or download one from the following link:

Please return surveys to:
