Director's Report

The All Class Reunion is this weekend. Set up will begin tomorrow.

The Parks and Beaches have had tremendous use. Vetro noted that he has seen people with torches and alcohol at beaches and asked if fires were allowed. A discussion followed; no fires are allowed except permitted bon fires. A permit is obtained through the Recreation Department.

Ballfields – have had a tough time due to all of the rain; a tree went down at Foote Field. The tennis courts have been lined by the Recreation Department in order to play Pickle Ball.

Sidewalk projects are moving along. Aprons were discussed; some residents/business owners get work done by the contractor on site and private pay to the contractor and get the same rate. A regular side walk was put in at Gulf Beach; the crushed shells have been removed. Sidewalks that have been completed were discussed; some required state permits. Seaside Avenue was discussed. Collingsdale and Shadyside Lane will be done within the next couple of weeks.

The contract for the Public Works building roof is at the City Attorney's office and will begin in the next month.

Drainage work near the shoreline; pipes are being cleaned out. P. Smith asked if Hauser Street could get sand. Bruce stated that they could.

Anderson asked about pot holes at High Street, West Main Street and Route 1. Vetro asked about Cherry Street and New Haven Avenue. Bruce will look into this.

The budget was briefly reviewed; all vehicles in the acquisition plan are necessary.

The next regular meeting will be on 7/29/13.

There being no further business to discuss, the meeting adjourned at 7:00 p.m.

Respectfully submitted,

Lisa Streit
