

# MILFORD YOUTH AND FAMILY SERVICES FAMILY THERAPY

Milford Youth and Family Services offers family therapy that is conducted by specifically trained therapists to assist families with strengthening their relationships and parenting skills. In addition, we work with issues such as school problems, acting out behaviors, self esteem issues, grief and loss, runaway, truancy, divorce, separation, and single parenting.

We use a sliding fee scale from \$10.00 to \$60.00. The fees are set by the client and are not based on any income guidelines. If the fee is a burden, **it can be waived.**

If you would like to speak with a therapist for additional information, please contact Mindy Natale at 783-3253 to do an intake.
