Subject: Additional Monuments

Good morning Bill,

I would like to be at the Commission meeting, but I have a prayer group that I will be at. Therefore, I am sending a response by e-mail regarding additional monuments on the green or anywhere else to be exact.

- A. There are too many monuments on the green and especially the plaque dedicating names at the base of the trees around the green. When does it end? As to placing them on trees, I am sure the trees over the years will be ruined or become diseased. (Another problem in the future). As it is, the Public Works Department has enough to do without picking, cleaning, mowing through any of the areas they tend to. The Recreation Department doesn't need to monitor the areas.
- B. The gentleman that requested an 1814 monument, again were does it end? I agree those names can be placed at the Fowler Building. Look to the wall in the Parsons' Media Hall; fantastic array of names and all were honoring the men/women not the war.
- C. As to the 1814 war monument, I am sure that the person suggesting this was only related to the history of the (beginning times) of THE UNITED STATES OF AMERICA and to whom the men that gave of their life, etc. I only wish people would get off their soap opera against wars and think about our men and women.

As always out spooking,

Yours In Christ &

Peggyd
