

Milford Government Access Television Committee

Tuesday, June 22, 2010

Platt Technical High School
Media Center
600 Orange Avenue
Milford, CT 06461

Call to Order: 7:18 PM

Attendance: Michael Manente, Phil Kearney, Toby Zabinski. Aldermanic Liaison Frank Goodrich also attended.

Motion to accept the previous minutes was tabled until next regular meeting.

Michael Manente reported that he spoke with Building Maintenance Supervisor. They will do the wiring of the Board of Ed room at Parsons when we let them know it's ready. Mike also reported he contacted Jennifer Young at Cablevision to verify the number of boxes received by MGAT. It has been so long since they were received, we would need to complete our own audit. He also reported he spoke with the GATA coordinator regarding this years grant amount. He will forward any additional information. Mike also reported he relayed all info to the City Attorney's office regarding equipment possibly not returned by the previous line producer.

No public was in attendance for comment.

Budget was tabled.

The line producer reported that he recorded in the month of June, one Board of Aldermen meeting, two Planning and Zoning meetings, one Board of Ed meeting, and one Park and Beach meeting. He also reported that he is now doing all the post production for our recordings using our new equipment. He also relayed a question raised by the Board of Ed if MGAT was going to record more school board events such as the graduation ceremonies. Phil Kearney reminded the Committee that the School Board received GATA grants in 2009, and also in 2010, and they really should be preparing to cover more events on their own, which MGAT will broadcast on the educational channel. This is also a stipulation to receive these grant funds. The Committee will forward info regarding grant responsibilities to the school board.

The Committee discussed, considered, and approved a pay raise to Fifteen dollars per hour for the acting Line Producer, to take effect July 1, 2010.

There will be no MGAT meeting in July. The Committee will meet again in August.

Michael Manente moved to adjourn the meeting. Seconded by: Phil Kearney. Passed.

Meeting adjourned at 8:40 PM.
