

Article V – Supplementary Regulations

Section 5.13.3 Minimum Acceptable Standards:

- (1) Plans for soil erosion and sediment control shall be developed in accordance with these regulations using the principles as outlined in the Connecticut Guidelines for Soil Erosion and Sediment Control 2002, as amended. Soil erosion and sediment control plans shall result in a development that minimizes erosion and sedimentation during construction; is stabilized and protected from erosion when completed; and does not cause off site erosion and/or sedimentation.
- (2) The minimum standards for individual measures are those in the Connecticut Guidelines for Soil Erosion and Sediment Control 2002, as amended. The Board (or Southwest Conservation District) may grant exceptions when requested by the applicant if technically sound reasons are presented.
- (3) The appropriate method from the Connecticut Guidelines for Soil Erosion and Sediment Control 2002, as amended, shall be used.

Effective Date: July 26, 2019
